Технические характеристики согласно ETIM 4.0

Setting range overload protector	A	0 - 0
Adjustment range undelayed short-circuit release	A	0 - 0
Phase failure sensitive		No
Switch off technique		-
Rated permanent current I _u	A	0
Rated operation power at AC-3, 230 V	kW	0
Rated operation power at AC-3, 400 V	kW	0
Connection type main current circuit		-
Device construction		-
With integrated auxiliary switch		No
With integrated under voltage release		No
Number of poles		0
Rated short-circuit breaking capacity I _{cu} at 400 V, AC	kA	0
Degree of protection (IP)		-
